

## **A Report from the VMI Steering Committee**

On January 29 of this year, the VMI Steering Committee met online for the second time.

The Steering Committee is composed of the Continental Coordinators and Spiritual Advisors of the VMI movements.

The challenges were significant because the meeting was held in the association's three languages to allow participants from Europe, French- and English-speaking Africa, Latin America and the Caribbean, and Canada to participate in the meeting's work.

A PowerPoint presentation in all three languages, with commentary on key points, facilitated understanding of the topics covered.

The following Continental Coordinators (CC) and Continental Spiritual Advisors (CSC) were co-opted by the Steering Committee until the next general assembly:

French speaking Africa (CSC): Father Denis Ndene (Senegal)

Latin America and the Caribbean (CC): Jairo Morales (Colombia)

Canada (CC): Camille Hubert

(CSC): Sr. Lorraine Caza

Europe: (CC): Teresa Fontanet (Spain)

The work of the Executive Committee, the initiatives of some movements for 2024, the projects for 2025, the various meetings, the relationship with the Dicastery for Family, Laity and Life, and the financial situation were discussed.
