

Laudato Si'

Global ecological commitment of the Vie Montante movements

With whom the Executive Committee spoke by video on November 20 proposes the following project:

A simple and effective way to strengthen the commitment of Life Ascending communities in the care of creation is to connect them to the Laudato Si' action platform.

This Platform (<https://plate-formedactionlaudatosi.org/>) is a gift from the Pope to the Church on November 14, 2021 and is hosted by the Dicastery for Integral Human Development.

On the occasion of the Jubilee 2025, which also coincides with the 800th anniversary of the Canticle of the Creatures sung by St. Francis of Assisi and the 10th anniversary of the publication of the encyclical Laudato Si' on the care of the common home, Life Ascending can make an option to develop plans based on the seven Laudato Si' Objectives (OLS)

Alirio suggests requesting a meeting with the director of the Laudato Si' Action Platform, Mr. John Mundell JMUNDELL@mundellaassociates.com with a copy to alonso@laudatosimovement.org It is possible to coordinate with them a subsequent training meeting for the Vie Montante communities and to obtain advice on the preparation of the Laudato Si' Action Plans as an Apostolic Movement.

In addition to this link, it is possible to carry out three other strategic actions:

a) Collegially draft a document of the Laudato Si' Policy of Life Ascending International to give in writing the theological and pastoral foundation of our commitment to the care of creation.

b) Freely invite those who wish to lead the Laudato Si' action plans of VAI to become certified Laudato Si' animators <https://laudatosianimators.org/en/>

c) Suggest that in the formation and apostolate activities of the Life Ascending communities, they use the monthly resources and subsidies of the Laudato Si' Circles

In any case, you can count on me as an advisor or companion in the process
